These are acronyms that stand for Initial Gaming Offer (IGO) and Initial NFT Offer (INO) which are the main services provided by Midaan Games. Though the IGOs and INOs Midaan token holders can purchase the games tokens or NFTs or a project prior to the listing and because of that, the investors are able to enjoy higher ROI from these projects.

How can one join Maidaan IGOs and INOs?

All Token holders enjoy guaranteed allocation, that means that every eligible Maidaan holder gets the chance to purchase the Games token and NFT during the IGOs and INOs. After the IGO happens, the token purchased will be listed and only after the TGE (token generation event) Maidaan holders who purchased the tokens at the IGO will receive them. There are three ways holders get their tokens back: the first is via claim on Maidaan claim platform, the second is via airdrop sent by Maidaan team and the third is via claim on the project's platform.
